Details - all inclusive package

Prices are now listed in the full brochures which are available for downloading.

All inclusive packages include:

Full board accommodation in double rooms.

Breakfast buffet with whatever you want. Enough bread, cheese, cold cuts of meat, etc. (maybe other delicious French "Foody" things) to prepare sandwiches. Light lunch or sandwiches at the Villa or when on tours.

Séverine, my young and talented French chef will prepare the dinner. We can give her full rein and she will serve daily different French or international delicacies or you can tell her what you would love to eat. We can always discuss menus with her (she speaks good English) and she will be glad to hear your suggestions. I guarantee that you will be delighted!

There is always unlimited water, juice, beer and wine available. During the day you have sandwiches, cereal bars, biscuits, bananas, etc., whether at the Villa or on tour, when they will be available from the support minibus.

A selection of cars and buses is available at the Villa for your use. You will also have at your disposal fridges, hammocks, canvas chairs, a canoe on the lake, Volleyball and Badminton courts.

A limited selection of bicycles is available for hire, but many participants might want to bring their own equipment.

Body-boards, surfboards & wet-suits, education & free surfing according to conditions.

One tour into the Basque Country and one into the High Pyrenees is included.

There will be guided cycling tours every day, with support mini buses when needed or requested.

Full time assistance; I will personally guide you on all tours and activities. Through my intimate knowledge of the region, I will be able to show you places that alone you would certainly miss, and that many locals don't know either.

Transfer to and from railway station at Dax or airports at Biarritz, Bordeaux or Pau is also provided with the all-inclusive package.

Please download the full brochure with photos from the web site for more details.
